

State-of-the-art Productive Document Processors

Aficio™ MP 3500/MP 4500

Productivity, Security & Efficiency for Any Office Environment

How smooth would your office workflow run if you could use a central office system taking care of all document production and management? Designed to do exactly this, the Aficio™MP 3500/MP 4500 make sure you save time, money and space. Opening up new possibilities for enhanced communication, paper- and server-less faxing, 'scan to NCP' and professional output finishing are but a few of their impressive capabilities. Their network connectivity is flexible, their document management and web based device monitoring impressive. And of course... these user friendly multifunctional devices include superb print, copy, fax and scan functionality as well! The Aficio™MP 3500/MP 4500 are all-round office solutions that will keep you in front for years to come.

- Maximum productivity with top output speeds of 35/45 ppm
- User friendly operation via large LCD touch screen
- Variety of available printer configurations & complete customisation possibilities
- Range of finishing options at your disposal
- State-of-the-art printing & security

Multiply your Productivity

Speeding up your workflow does not depend on fast output alone. In fact, only the optimisation of your entire document handling process can lead to a more efficient office workflow. The Aficio™MP 3500/MP 4500 tackle all the elements individually to make sure you obtain the power and efficiency to handle any workgroup or office challenge.

User Friendly Multi Page Input

To copy or scan large jobs and documents up to A3 size in one run, the Aficio™MP 3500/MP 4500 boast a fast feeding 80-sheet ARDF. Books and magazines, on the other hand, can be copied straight from the platen glass.

Versatile Finishing

To keep your professional document creation in house and produce your own presentation material, reports and folders, the Aficio™MP 3500/MP 4500 can be equipped with a 1,000-sheet finisher (SR790) or 2,500-sheet multi-tray finisher (SR880). You can even create high quality booklets if you opt for the 1,150-sheet booklet finisher (SR890).

Top Productivity

With output speeds of 35/45 pages per minute equaling duplex speeds, no deadline is unfeasible for these systems. Warm up is incredibly fast too at 15/20 seconds while your first copy is in the output tray in 4.3/3.6 seconds. No valuable time wasted.

Continuous Operation

Large print or copy jobs are easily taken care of by the systems' impressive maximum paper capacity of 3,550 sheets. Refills are down to an absolute minimum. As the systems alert you in case paper or toner run out, you keep a constant status overview of your network devices.

Efficient Business Faxing

- save time and provide better output quality at the receiving end by sending fax messages directly from your own PC (LAN fax)
- reduce the distribution of printed faxes by transmitting them via the local network or forwarding them to any e-mail address
- register and maintain your fax/e-mail address book (LDAP) in the Hard Disk Drive (HDD) directly from the operation panel or through Web SmartDeviceMonitor™/Web Image Monitor

Straightforward & User Friendly

The Aficio™MP 3500/MP 4500 stand for efficient document handling. The systems' large LCD touch screen intuitively guides you through all copy, print, fax and scan jobs. In fact, all of Ricoh's multifunctional devices are operated in the same way: if you can use one system, the others present no surprises.

Advanced Device Monitoring

Using Web SmartDeviceMonitor™, the status of networked peripherals can be monitored and checked through web browsers. Additionally, IT managers and network administrators can set user privileges, obtain complete job statistics and restrict usage.

Excellent Network Connectivity

The Aficio™MP 3500/MP 4500 suit virtually any network environment. A NIB and USB interface come standard embedded in the printer controller board. For optimum connectivity, Bluetooth, Wireless LAN and bi-directional IEEE 1284 are optionally available.

Our Earth, Our Tomorrow

Like all Ricoh products, the Aficio™MP 3500/MP 4500 reflect Ricoh's commitment to the environment with the usage of toxic free materials (prohibiting lead, chromium, cadmium, as well as PVC)*. Low energy toner production adds to their environment conscious design. Significant energy savings are obtained thanks to advanced new power saving modes.

* In compliance with EU RoHS directive (RoHS: Restriction of Hazardous Substances, effective from July 2006).
