# Colour flexibility for all office types

The demands on office document production rise ever higher. Colour use is increasingly becoming a standard, but document outsourcing eats away at your budget. Ricoh's Aficio™ MP C2030 / MP C2530 constitute a welcome alternative. Productive, flexible and compact, these colour MFPs offer excellent value for your money. Discover how all the capabilities you require can fit inside a slim design.

## MP C2030 / MP C2530

- Sharp and high-quality colour output with new PxP™ toner.
- Excellent productivity at 20/25 ppm in both colour and B/W.
- Duplexing at simplex speed.
- Exceptionally wide media handling.
- All-round functionality: copying, printing, scanning and faxing (optional).

## Covering your entire workflow

### Superb colours

Your colour output will look crisp and accurate due to the MP C2030 / MP C2530's PxP™ toner. Quality remains consistent even during longer runs. Print resolution is an excellent 600 dpi.

### Wide media range

Creating reports, handouts or flyers? The MP C2030 / MP C2530 handle a truly wide variety of paper types. They accept sizes between A3 and A6, from light (52 g/m<sup>2</sup> via the bypass tray) to heavy (256 g/m<sup>2</sup> via standard and bypass trays). Glossy and coated papers or cardstock are processed effortlessly. Even envelopes and transparencies can conveniently be fed via the standard bypass tray.

### Excellent productivity

Duplex printing at simplex speeds: not all machines can do it. The MP C2030 / MP C2530 print and copy at 20/25 ppm in both monochrome and full colour. First copy speed is less than 6.5 seconds for B/W and less than 9.5 seconds for full colour.

### Standard printing capabilities

The new MP C2030 / MP C2530 have all basic printer features as standard. Enjoy their functionalities with the straightforward icon-based RPCS™ driver, or with the optional PCL driver. Your B/W and colour prints can even be sorted electronically for extra convenience.

### Reliable engines

The MP C2030 / MP C2530's engines are the fruit of years of Ricoh expertise. Their new tandem 4-drum design ensures reliable operation. A simplified paper path reduces the risk of jams, and your machine is continuously available. With a maximum paper capacity of 1,600 sheets, refills are kept to a minimum.

### We think green, and you?

'Green' is not just a colour for Ricoh – it is an attitude. Our PxP™ (polyester x polymerisation) toner is produced with significantly less carbon oxide emission than conventional toners. A more direct benefit for you is the MP C2030 / MP C2530's standard duplex unit. Saving paper is kind to the environment as well as to the company budget.
